Notes on Holy Rosary

Holy Rosary Chapel was built from local stone, in a pure Romanesque style, in 1930.

The Colorado Historical Society includes it in the State Register of Historic Properties.

14th Century style stained-glass windows, made in Germany, show the mysteries of the rosary.

A large mosaic depicts St. Dominic receiving the Holy Rosary from the Blessed Mother.

Holy Cross priests from Sacred Heart parish have staffed this mission church since 1984.

A full kitchen, new bathrooms, and a spacious community room were added in the 1990s.
