November 30:
$578,986
48%

Participation to Date

Total registered households: 1070
As of December 14:
- 220 have participated
- 850 yet to participate
Donations to “Restore Our Heart – Phase II” grew by $28,000 in the past week, to a total of $654,000. We’re now half way to our goal of $1.2 Million! Many thanks to the households that joined our growing list of donors.

We are pleased to report that the renovation of the former rectory is well underway, and our weekly meetings with Bob McGrath Construction confirm that St. André House will be completed on schedule in early March. As the pace of construction increases, the bills related to the construction do so as well, and WE NEED EVERY HOUSEHOLD’S HELP!

Please join us in supporting St. André House.

- If you cannot immediately make a gift but plan to do so, complete an “Intention to Give” form so that we know we can count on your support. The Intention form is so important in helping us budget and plan for paying off the eventual loan we will need.

- If you have hesitated to participate because you feel like you can’t give much, please think about a small recurring donation as part of your monthly budget. All gifts, in any amount, are gratefully received. Every gift matters!

Consider if …

250 additional households
each complete an “Intention to Give” form
to donate just $50 a month
for 4 years ...

Then …

Those 250 households
will have donated a total of $600,000,
and our goal will be achieved.

Can you give $50 a month?

A special reminder for those who are 70½ or older and must soon take an IRA distribution for the 2021 tax year:

If you do not need the income, your RMD can benefit St. André House while providing you with a tax break.

- Take a Qualified Charitable Distribution from your IRA (contact your IRA administrator).
- Donate the distribution directly to Sacred Heart for St. André House.
- You’ll help our capital campaign with the donation.
- You’ll help yourself by not having to pay income taxes on the QCD.
